

What goes into a Letterman Jacket ?

Jacket Back Lettering

Jacket Back Lettering is available in the following fonts. Typically, lettering is 3 to 4 inches tall and the finished last name measures 10 to 15 inches across jacket back (shoulders for boys, or hood for girls).

Clarendon **Cooper** *Corsiva* *Commercial* *Dorchester*

Name on Chest

The *first* name is normally embroidered on the right chest in the same font style and color as the *last* name on the jacket back. Outlining or shadowing of the first name is not practical because of its smaller size. Additional lines of lettering can be added below the name, e.g. Nickname, or Activities.

Varsity Letter

The Varsity Letter is sewn permanently to the left chest. Small Fabric emblems designate the sport or activity for the Varsity Letter. They are sewn on the letter or around it on the left chest.

Graduation Year Chenille

The Graduation Year Chenille consists of two digits measuring three inches tall They are sewn to the sleeve approximately 1 inch below the sleeve seam.

Misc Patches & Chenilles

Miscellaneous patches can be sewn anywhere on the jacket. A 3 inch chenille is sometimes sewn on the sleeve below the shoulder seam to indicate jersey number or position. Note: Any item sewn onto a leather sleeve is permanent, because needle holes in leather do not "heal".

A note about our service

We limit sales of our letterman jackets to those customers whom we can personally fit. Jacket fit is very personal and made more difficult by the fact that high school students grow significantly during the years that they wear their jackets. For these reasons we are unable to accomodate "long distance" jacket orders. Thank you for your understanding.
